Getting to Baroeg – by car, van, truck or coach

Baroeg is *not* located in the center of Rotterdam, but in the South, not too far from Zuidplein / Ahoy and very close to the trainstation 'NS Lombardijen'.

You must get onto the A15: the ringway Rotterdam South (Ring Rotterdam Zuid).

Get off at Zuidplein/Ahoy (19A) and keep on the right side of the road.

Go right at the traffic lights and then right again. Now you're on the Spinozaweg.

Baroeg is located at the right of this road (at the edge of a small park) and across the street is a variety of shops. It's a grey building with colorful graffiti on the back and front.

You can park your **van** or **nightliner** next to the road, as shown in the third picture. Please note that officially it's not a parking space, but an unloading location (picture nr. 4). This means that unfortunately it's not allowed to park cars there. After unloading, please park your car on the other side of the street!

1. Ringway A15

2. Ringway A15, exit nr. 19

3. Parking space for nightliners & vans

4. Unloading location
